

2018 2nd International Conference on Advanced Technologies in Manufacturing and Materials

Call for Paper

Welcome to ATMME 2018

The 2018 issue of the 2nd International Conference on Advanced Technologies in Manufacturing and Materials Engineering (ATMME 2018) will be hosted in **Harbin Institute of Technology, China** from **May 4-6, 2018**.

ATMME 2018 is an international forum for the presentation of technological advances and research results in the fields of Manufacturing and Materials. The conference will bring together leading researchers engineers and scientists in the domain of interest from around the world.

Call for paper

All papers in **Materials Engineering** and **Manufacturing Engineering** are welcome. Topics are listed below but not limited to:

Materials Engineering

Material Design of Computer Aided

New Materials and Advanced Materials

Composite

Manufacturing Engineering

Manufacturing Process and Systems

Surface Engineering/Coating

Materials Forming

Publication

All the accepted papers will be included in the conference proceeding and published on **IOP Conference Series: Materials Science and Engineering (ISSN: 1757-899X)**, which will be indexed by **Ei Compindex, SCOPUS, Inspec, Conference Proceedings Citation Index – Science (CPCI-S) (Thomson Reuters, Web of Science)** and other databases.

High quality papers* will be recommended to publish in **Journal of Remanufacturing (ISSN: 2210-464X (Print) 2210-4690 (Online))**

High quality papers* will be recommended to publish in **International Journal of Advanced Materials and Production (IJAMP), ISSN 2520-436X (Online)**.
